

XVIEW ENTERPRISE

The Seneca Experience puts the integrator first through innovation. We use decades of experience to accommodate our partners from planning and deployment to monitoring and post-sale support.

Designed to support some of the largest and extensive client viewing projects, the Seneca xView Enterprise series can handle it all. Purpose-built for physical security, the xView Enterprise is ideal for supporting large control rooms and video wall projects.

KEY FEATURES

- Tested, validated and certified with top VMS applications
- Seneca Backup and Recovery (SBAR)
- Ability to handle up to 16 monitors simultaneously
- Ideal solution for video wall control room
- Optimal performance with Dual Xeon Silver Processors

THE SENECA DIFFERENCE

SBAR

Seneca Backup and Recovery System

The new Seneca Backup and Recovery feature can capture a snapshot of your OS, apps, customizations and settings easily with three clicks, providing the flexibility to restore your systems to a factory image or from a snapshot all in one place.
