

XVIEW PROFESSIONAL

The Seneca Experience puts the integrator first through innovation. We use decades of experience to accommodate our partners from planning and deployment to monitoring and post-sale support.

One of the most versatile client viewing stations of the market today, the Seneca xView Professional is designed with multiple features. With the ability to fit in a smaller installation environment, the xView Professional comes as a micro-tower configuration for desktop placement or other small footprint space.

THE SENECA DIFFERENCE

SBAR

Seneca Backup and Recovery System

The new Seneca Backup and Recovery feature can capture a snapshot of your OS, apps, customizations and settings easily with three clicks, providing the flexibility to restore your systems to a factory image or from a snapshot all in one place.

KEY FEATURES
