

MICRO TOWER

XVIEW STANDARD

The Seneca Experience puts the integrator first through innovation. We use decades of experience to accommodate our partners from planning and deployment to monitoring and post-sale support.

The Seneca xView Standard client workstation is designed specifically for small-to-medium security applications. Purpose-built for physical security, the xView Standard offers a low-cost solution that provides the performance required for high-definition video.

THE SENECA DIFFERENCE

SBAR

Seneca Backup and Recovery System

The new Seneca Backup and Recovery feature can capture a snapshot of your OS, apps, customizations and settings easily with three clicks, providing the flexibility to restore your systems to a factory image or from a snapshot all in one place.
