

1250 DESKTOP SERIES

Solution for Value Conscious Business Users

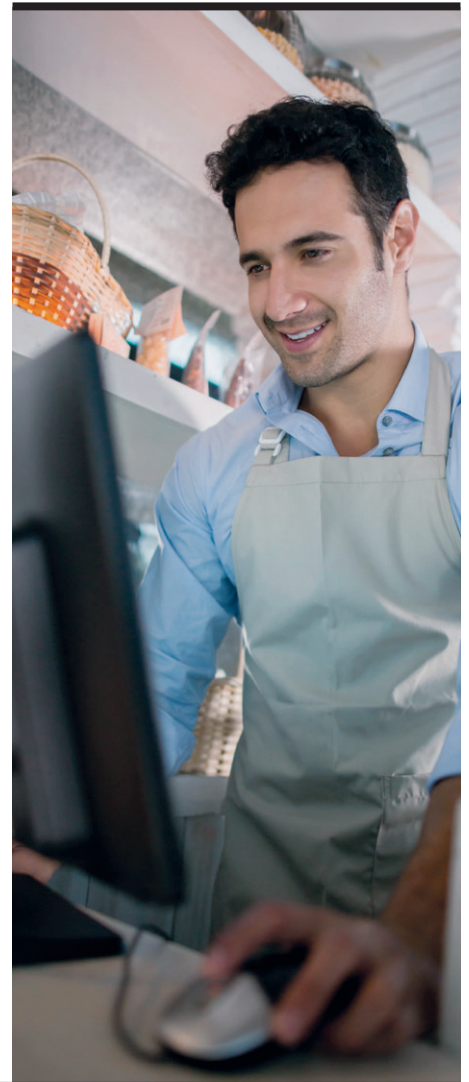

All your business needs are covered in the Seneca 1250 Desktop Series based on the 8th generation Intel® Core™ processor family or the Intel® Pentium® processor. From web-based applications to spreadsheets, this solution will provide the needed power without the unnecessary cost.

BUILT FOR BUSINESS

The Seneca 1250 is built with entry level business computing in mind. This desktop addresses the basic computing needs of the user that processes single tasks with ease. With a choice of form factors designed to meet a wide range of environments, the 1250 Series can fulfill your business needs.

KEY FEATURES

- Choice of 8th generation Intel® Core™ processor family or Intel® Pentium® processor
- DDR4 RAM for faster performance with expanded capability
- Dual displays: Increase business productivity up to 30% by adding a second screen. The 1250 Series supports dual independent displays with DVI and D-sub connections enabling business users to maintain legacy displays and integrate newer displays.

1250 DESKTOP SERIES
