

SCRIBE LITE

PANOPTO VIDEO APPLIANCE

The Seneca Scribe Lite is an exclusive video capture offering co-developed with Panopto that offers a versatile means for capturing a single channel stream of audio/video. Ideal for tabletop, conference room, VESA and podium installations, the Scribe Lite allows presenter or speaker capture as both a standalone or satellite Panopto appliance.

Designed and developed by Seneca's Advanced Engineering Team, the Scribe Lite was created in the world-class Seneca testing facilities designed by Intel®. From inception, Seneca systems are tested in real-world environments to guarantee maximum reliability in mission-critical installations.
